## Guidelines for group visits

**Welcome to the International Red Cross and Red Crescent Museum!**  
**The Museum welcomes everyone, and every visitor should treat it with care and respect. You will see things here that you can't see at school, such as one-of-a-kind objects and works of art.**  
**Everything here is original - and fragile! To avoid any problems, please follow these rules.**

1. Get ready for your visit by leaving your coat and bag in the locker area.
2. Keep any valuables with you.
3. Turn off all phones and any other electronic devices.
4. Scooters, roller skates and other vehicles are not allowed.
5. Drinks, sandwiches, chewing gum and all other edibles are prohibited - you should get enough intellectual nourishment from your visit.
6. Don't forget to ask for a clipboard with paper at the entrance. This will give you something to write or draw on - with a pencil only, so it's erasable!
7. Please don't run, bump into people or lean on the walls, display cases or display stands.
8. Try not to touch things with your hands - fingerprints leave a fatty and acidic residue that damages surfaces over time.
9. Remember that this is a public place: please follow the museum employees' instructions at all times and be sure to let the other visitors enjoy the exhibition.
10. Any materials that the museum lets you use during your visit must be returned in the same condition at the entrance.

By following these guidelines, everyone will be able to make the most of their visit<sup>1</sup>.  
Enjoy the museum!

---

<sup>1</sup> These guidelines were prepared by the Museum and Exhibition Department of the Geneva Department of Public Education, together with the Musée d'Art Moderne et Contemporain and the International Red Cross and Red Crescent Museum, both of which are also in Geneva.
